Supporting Anglophones touched by cancer

Soutien pour les Anglophones touchés par le cancer

GOOD NEWS (HOPEFULLY)!!

After many months of no activity or events during COVID-19 lockdown, there is a light at the end of the tunnel. We, at CSF Sud de France, have started planning for a number of events and activities, across our five départements, to re-start in September and October.

We're expecting that most of our regular activities will start again in September, but will likely to be restricted or slightly different, in order to comply with government regulations, and to ensure the safety of our members, volunteers, and supporters. We will publish more details on each event, where necessary in the form of a detailed 'protocol', as we get closer to the date of the event, so that you will know, in advance, how the event will operate, so that there are no surprises on the day.

Of course, these plans are conditional upon their being no increased government restrictions on activities in our area as a result of COVID-19, so there will always be a risk of last-minute cancellation. Please keep an eye on our Facebook page for the latest information.

We look forward to welcoming you to a CSF event soon.

Phil Mercer

President
